Attend this class to learn how to use therapeutic-grade essential oils as part of an integrative wellness plan for your horses. Basic safety and use will be covered as well as details on how to:

- Attend to cuts and wounds
- Standard first-aid options
- Calm an anxious animal
- Bug repellent/flea & tick control
- Integrating in new family members
- Reduce infection
- Eliminate pet odors
- Combat arthritis

The class will cover all of this plus much more and how to do it all using natural, non-toxic and chemical-free products & techniques.

There will be a special hands-on session included with this class, so come prepared to be in a barn.
